Cornici Oro e Argento

I colori oro e argento venivano utilizzati sin dall'antichità da artisti e architetti per impreziosire le loro opere, che acquisivano così un'incredibile luminosità, mentre ogni colore della composizione veniva esaltato dalla brillantezza e solennità dei dettagli in oro.

Cornici Veneziane e per Specchi

Lo stile veneziano per arredare gli interni delle case riscuote ancora molto successo, soprattutto da parte delle donne che amano la raffinatezza del legno intarsiato, gli stucchi, gli specchi, le foglie d'oro e via dicendo.

Lo stile veneziano è un tipo di arredamento molto ricco e di grande effetto che ricorda, per sontuosità, ricchezza dei dettagli dorati e abbondanza dei decori il barocco.
